## Racine Legion (2-1-2) 24, Green Bay Packers (2-2-1) 3 Sunday October 28<sup>th</sup> 1923 (at Green Bay)

### *RACINE'S SUPERB AERIAL ATTACK DEFEATS PACKERS* **GAME RECAP (GREEN BAY PRESS-GAZETTE)**

(GREEN BAY) - Outclassing the Packers at their own game, forward passing, the Racine Legion uncorked a superb aerial attack and defeated the Packers, 24 to 3, in a pro league game here Sunday afternoon before a good sized crowd. There were close to 2,800 paid admissions. It was the worst defeat suffered by the Packers in their gridiron career.

#### **HARD FOUGHT ARGUMENT**

The game was a lot harder fought than the score would indicate. The Packers died with "their boots on". They fought stubbornly from the start to finish but it simply wasn't their day and that's all there was to it. Racine played super football. It just seemed as if every move of the Horlickmen worked out nicely. Dame Fortune rubbed elbows with the visitors and the breaks went to them all during the game.

#### **THRILLS FOR SPECTATORS**

It was a good game for the spectators. There was just one thrill after another and the ball see-sawed back and forth on the gridiron. In other words the air was full of forward passes. Both teams made continual use of the aerial attack and open play featured the combat. Racine came here with a big delegation of rooters. They were parked on the east side of the field and the visitors from the town Horlick made famous rent the air with some real college cheering. Led by gaily bedecked youth, the Racine crew let loose with a lot of yells. And what's more they had a lot to cheer for. It was a splendid display of spirit.

#### **PACKERS WELL SUPPORTED**

However, the Packers got their share of support. The hometown fans struck to the Bay eleven right up until the final whistle. True enough some of the "Brass Band" members tuned up lively but the greater majority of the Packer followers showed their loyalty in true light. The Packers started off like a million dollars. After receiving the kickoff, the Bay eleven pranced right down the field. Several forward passes worked successfully and it wasn't long before the Green Bay squad looked "touchdownish".

#### **BUCK MISSES KICK**

Racine braced within the 20 yard line and Buck dropped back for a placekick. He missed the attempt and the ball was scrimmaged on the 20 yard line. Gillo plunged through for a first down. It was about his only gain of any importance during the game. Early in the second quarter, after a punk punt by Cub Buck, Gillo got his chance for a field goal and made good. This put the Horlickmen in the lead. Towards the close of the period, Romney washed over for a touchdown after grabbing a pass from Barr. Of course, Gillo kicked the goal.

#### **FUMBLE SPILLS BEANS**

The Packers opened with a lot of fight in the second half but a fumble put the skids under the machine and it wasn't long before Halliday picked the pigskin out of the air and scampered for a touchdown. And Gillo kicked the goal. Then the Packers came back strong. They negotiated several forward passes and twice marched down the field only to be turned back when a score loomed. Finally, Buck got his chance again for a field goal and he made good.

#### **BARR TO ELLIOTT**

The last quarter saw the Packers fighting stubbornly but Racine was playing better than ever. The Packers held for downs twice right in the shadow of the goal posts. A Packer forward was intercepted and Racine marched onward again. This time they weren't halted and Barr tossed to Elliott, who was all alone, for another touchdown. Gillo - but why repeat. During the last few minutes of play the pigskin was in the Racine territory but the visitors were knocking down the forward passes as fast as the Packers hurled 'em. Racine's backfielders and ends played superior football. They were here, there and everywhere. The visitors gained but little on line plunges as the Packers' forward wall was like a stone wall. However, it was forward passes that kicked over the dope bucket and the Packers, even when hitting on all eleven, never gave a better exhibition of the aerial attack than did the husky invaders from Horlickville in Sunday's game. Cheer up, a hundred years from now we won't know anything about it.

**PACKERS RESUME PRACTICE FOR ST. LOUIS GAME; TEAM LEAVES ON FRIDAY NIGHT**

OCT 30 (Green Bay Press-Gazette) - It was a determined Packer squad that went to work at Joannes park this morning. Every man on the team was out for the morning drill and the players got down to practice in a way that broods trouble for the teams that face 'em in the games to come. Captain Lambeau immediately got busy to remedy the faults that cropped out in the Racine "waterloo". Every effort will be made this week to perfect an airtight defense against forward passes...IN GOOD SHAPE: The players came through Sunday's conflict in pretty good physical shape. Several members of the squad are a trifle banged up but they will all be fit for the fray on Sunday. It will be a fighting Green Bay squad that takes the field at St. Louis. The players are determined to get back again on Victory row at the expense of the Browns and then take revenge on Racine a week later...LEAVE FRIDAY NIGHT: Arrangements for the Packers' trip to St. Louis have been completed. The team will leave here Friday night at midnight for Chicago over the Northwestern. Breakfast will be had in the Windy City and at 10:15, the team will pull out for St. Louis over the Wabash road. According to schedule, the Green Bay gridders should reach St. Louis Saturday afternoon about 5:30 o'clock. During their stay in St. Louis, the Packers will headquarter at the Statler hotel. On the return trip, the Packers leave St. Louis Saturday night, and arrive home Monday afternoon at 3:50 p.m...WILL MAKE RESERVATIONS: The management is anxious to get in touch with any of the fans who are planning to accompany the team and, if so desired, will make train and hotel reservations for the rooters on the trip. Reports from St. Louis have it that Manager Ollie Kraehe has shaken up his lineup, adding several new players, in hopes of breaking into the win column at the Packers' expense. The game will be played at Sportsmens' park, the home field of the St. Louis American League baseball team.

### **BULLDOG MACHINE AND GREEN BAY TO PLAY NEXT SUNDAY**

OCT 30 (St. Louis Star and Times) - After losing two games on the road, both by scores of 6 to 0, the St. Louis Bulldogs are back in town and are getting ready for Sunday's contest with the Green Bay Packers who were held scoreless in their hometown by the locals. In Milwaukee, as in Cleveland, the downfall of the St. Louis crew was in the forward passing attack of the enemy, and, although the Mound City defense against the aerial warfare of the opponents appeared to be strong, passes, resulting in scores, were completed at critical moments. Against end runs and line plunges the local entry had no trouble, downing the man with the ball with precision. It was probably because the Brewers could not penetrate the Bulldog line that they tried their aerial attack. Strange enough, the aerial battle was fought by two former Washington University quarterbacks, Eber Simpson of the local crew and Jimmy Conzelman of the Wisconsin team. The absence of "Smilin' Sid" Siegfried was a serious handicap to the St. Louis outfit, although Cardwell, a stellar halfback, was performing well in his place. Siegfried, who is at present out of the game with a broken nose, will return to the game Sunday against the Green Bay Packers. Sunday's contest with the Green Bay eleven will without a doubt draw a great number of football followers who are anxious to see what the Mound City crew can do against a team that they held to a tie earlier in the season. It is thought that if the St. Louis outfit can successfully down the passes of the Wisconsin gridders, Kraehe's men will emerge victorious. At any rate, grid fans are expecting to see a real tussle.

### **PLAY BY PLAY ON ST. LOUIS JOUST AT TURNER HALL**

OCT 30 (Green Bay Press-Gazette) - Green Bay football fans won't have to wait until Monday to get all the dope on Sunday's game at St. Louis between the Packers and Browns as arrangements have been completed to set up the "play by play" service which has been a feature of the football seasons here for the past two years. Turner Hall has been secured and the play by play service will be handled like in past years. A direct wire from Sportsman's park, St. Louis, to Turner Hall has been provided for and the fans at home will be able to follow the play "hot off the gridiron". A second after somebody has been dumped in his tracks at St. Louis, the footballers, who are sitting in at Turner Hall, will know all about it.

### **CAL'S COMMENTS**

OCT 30 (Green Bay Press-Gazette) - Well, the bubble burst in Green Bay on Sunday and the Packers got the worst trimming in their career on the gridiron. Outplayed at their own game, the forward pass, the Bay eleven trailed home on the short end of a 24 to 3 score. However, the best of teams get a licking now and then and it is safe to say that Captain Lambeau's squad will more than even up this reversal before the season ends.

### **ST. LOUIS LOOKING FORWARD TO PACKER GAME SUNDAY**

OCT 31 (St. Louis) - The appearance of the Green Bay, Wis., Packers against the St. Louis Browns here on Sunday at Sportsman park in a pro league game is attracting much attention from the football followers. The Packers are being billed as the pro team with the college spirit, and it will be interesting to see if they live up to advance notices...HEARD ABOUT PACKERS: St. Louis football fans have heard a lot about the Packers and their ability to chase the pigskin. The members of the Browns who played in Green Bay about a month ago came back here singing the praises of the Badger state champions. The biggest fault St. Louis has had to find with pro football has been the absence of open play. In other games, there has been too much line plunging and punting. It is said that the Packers have a varied aerial attack which lets the spectators see what's going on all the time...TAYLOR IN CHARGE: Frank W. Taylor, a prominent St. Louis newspaper man, who came from Green Bay, is taking charge of the arrangements for the Packers' visit in this city. There are about two dozen former Green Bayians living in St. Louis or the immediate vicinity and they have formed an impromptu Wisconsin club to make the Packers feel at home while in St. Louis. The advance sale of tickets have been unusually heavy and it is expected that the biggest crowd in the history of pro football in St. Louis will see the "wonder" team from Wisconsin perform here on Sunday.

### **CAL'S COMMENTS**

OCT 31 (Green Bay Press-Gazette) - Nothing is quite so unpleasant as a stinging defeat and it hurts all the more with the reversal came unexpectedly. However, Green Bay is just as loyal as ever to its Packers and the players are more determined to start a new winning streak Sunday against St. Louis. The following week, November 11, Green Bay plays its return game with Racine and, unless we miss our guess, there is going to be a lot of fur flying.

### **DIRECT WIRE FROM ST. LOUIS TO BAY FOR PACKERS' GAME**

OCT 31 (Green Bay Press-Gazette) - Direct telephone service between Sportsman park, St. Louis, and Turner Hall, Green Bay, when the Packers play in the Mound City against Ollie Kraehe's Browns. The loop has been arranged for so as to give the fans in Green Bay "play by play" service on the game. For a time, it was feared that due to the great distance between St. Louis and the Bay, it would be out of the question to set up the telephone service. However, officials of the Wisconsin Telephone company brought pressure to bear and permission was secured to establish the direct wire. The St. Louis end of the wire is to be cut in at the press box at Sportsman park,

where the game will be played and the "sender" will have a clean and unobstructed view of everything that is doing on the gridiron. A second later the fans at Turner Hall will know all about it.

**PACKERS IN SHAPE FOR ST. LOUIS MIX SUNDAY AFTERNOON**

NOV 1 (Green Bay Press-Gazette) - The Packer footballers are working out every day in preparation for the pro league game at St. Louis on Sunday. The morning drill schedule was switched around and this afternoon the team "forward passed" it with East High at Joannes park. The Bay eleven is perfecting a new defense for the aerial attack and the players feel confident that the Browns will have a dickens of a time trying to complete forward in Sunday's game at the Sportsman park. The players are in pretty good shape for the St. Louis encounter and it is expected that the strongest Packer team will start the game against the Browns. The final drill will be staged Friday morning. The plans for the trip are all set and the squad leaves Friday night over the midnight Northwestern train for Chicago. The Bay eleven will reach St. Louis about 5:30 Saturday afternoon. During their stay in the Mound City, the Packers will put up at the Statler Hotel.

**CASEY FIT AGAIN**

NOV 1 (St. Louis) - Casey, the brilliant St. Louis kicker, is again fit for the fray. This was the good news announced by Manager Kraehe when speaking of his team's chances in the Green Bay game here on Sunday. Casey has been on the shelf with a couple of cracked ribs and only able to play a few minutes at a time. However, the doctors have reported him right and he will start against the Badger State champions. Green Bay has secured permission from the ball club officials to string a special wire into the park for a "play by play" service on the game. This is something new for St. Louis and the football followers are much interested in this novel stunt.

**CAL'S COMMENTS**

NOV 1 (Green Bay Press-Gazette) - Resplendent in their new blankets, the Packers should make quite a favorable impression when they prance out on the gridiron at Sportsman's park, St. Louis, next Sunday. One of the Mound City sportwriters has been billing the Packers as "The Pro team with the College spirit" and it is our hunch that he just about the nail on the head.

**PACKERS' BLANKETS ARRIVE**

NOV 1 (Green Bay Press-Gazette) - The Packers' blankets arrived yesterday and some of them were placed on display in the window of the C.W. Hall Dry Goods company. The window presents an attractive appearance and it is well worth seeing. The blankets are royal blue, bound in gold and are lettered in gold in letters that all St. Louis can't help but see. They will be presented to the football team tomorrow. Money with which to buy the blankets were raised by the Auxiliary to the Catholic Woman's club through a tag day last Saturday.

**GREEN BAY HAS GIANT TACKLE**

NOV 1 (St. Louis Post-Dispatch) - The Green Bay Packers of Green Bay, Wis., one of the strongest of the NFL teams, will oppose Ollie Kraehe's St. Louis professional teams at Sportsman's Park Sunday afternoon. On comparative scores, the Green Bay team is either 18 points stronger than St. Louis, or exactly on a par with the local team, as one chooses to interpret the scores. Kraehe's team tied Green Bay, 0 to 0, in the first game of the season. Later, Green Bay defeated Milwaukee, 12 to 0. One week later Milwaukee defeated St. Louis, 6 to 0. One of the features that will be on exhibit Sunday is Cub Buck, 275-pound tackle who played several years ago for Wisconsin. He is said to be the biggest man in football today. Besides Buck the great Weller, star tackle of the St. Louis team, will appear small although he weighs 230 pounds. Green Bay has developed a very formidable forward passing game in which Lambeau at right half, tosses to the quarterback, Mathys, for consistent gains. The ends, Wheeler, Leaper and Hayes, are also adept at receiving passes. Lambeau is a former Notre Dame star. Jim Gould (Army) will referee the game. Coffeen of Beloit College will umpire.

**PRO GRIDIRONER WEIGHS BUT 275 FOOTBALL POUNDS**

NOV 2 (St. Louis Star and Times) - Outside of coaching four elevens and playing with a fourth, Cuib Buck, the star of the Green Bay Packers' team, which opposes Ollie Kraehe's St. Louis professionals at Sportsman's Park Sunday, has little or noting to do. This

extraordinary gridder weighs a mere 275 pounds, in condition, and is said to be the biggest player now in the game. Cub once toiled in the Wisconsin University line and helped make the Badgers formidable in the Big Ten Conference...HIS DAILY SCHEDULE: Arising in the morning, the genial Cub clothes himself in football cloths made by Omar the Tentmaker and practice with the pro eleven, of which he is the shining light. After lunch he goes to Appleton to coach the high school eleven there and at 3:30 switches fields and directs the practice of Lawrence College in the same city. Back to his hometown of Kaukauna, Wis., he then dashes for a session with the high school and, at night, takes over the coaching of the American Legion squad. Of course, he has to have some rest and this comes on Sunday when, after actually idling away three or four hours, he takes his place in the line of the Green Bay Packers and beguiles an afternoon trying to push his opponent off the football map. That would seem rather a large program for any human, but the big chap really thrives on this continuous action, and never in his football career has he been taken out of a game because of injury. Reports fail to state, however, whether any of his opponents retired for such reason. Buck is a star for the same reason that men of any profession are leaders in their chosen work - he loves his work, and his game and should some fanatic geek push through an anti-football amendment to our well-known constitution, the heavy Wisconsin lad would be utterly lost. Football fans of St. Louis will have a chance to gaze at this behemothic battler often Sunday as he does all the kicking for the visiting eleven.

## *Packers Leave Tonight For St. Louis; Team in Shape to Score Win Against Browns*

### **PACKERS LEAVE TONIGHT FOR ST. LOUIS IN SHAPE TO SCORE WIN AGAINST BROWNS**

NOV 2 (Green Bay Press-Gazette) - The Packer football squad, fit for the fray and determined to bring home the bacon, will leave tonight for St. Louis, Mo., where on Sunday they will tackle the St. Louis Browns in a pro league gridiron engagement at Sportsman's park. The Bay eleven has spent a hard week of practice. The players are anxious to take revenge on St. Louis Sunday, for what happened here last week when Racine was in our midst. An ironclad defense against the forward pass has been built up and Captain Lambeau has added a few intricate formations to the offensive program which are sure to give the Browns considerable trouble...LEAVE OVER NORTHWESTERN: The team will pull out of here tonight at 12:50 o'clock over the Northwestern for Chicago. Saturday morning the squad hops off on the second lap of their journey to St. Louis over the Wabash. According to schedule, the Packers will set foot in the Mound City about 5:30 o'clock Saturday afternoon. The Green Bay headquarters will be at the Statler hotel. Returning home, the Packers leave St. Louis Sunday night and will arrive here Monday afternoon at 3:50. The following players will be taken to St. Louis: Captain Lambeau, Mills, Gavin, Basing, Mathys, Wheeler, Hayes, Murray, Gray, Buck, Lyle, Earps, Niemann, Gardner and Woodin.

### **EXPECT BIG CROWD**

NOV 2 (St. Louis) - Football followers here are warming up to Sunday's pro league football game between the Green Bay Packers and Ollie Kraehe's St. Louis Browns, which is scheduled at the Sportsman's park. The Packers are being "played up" in the St. Louis papers and there is a lot of interest around here over the team from the Wisconsin city that has so well on the professional gridiron. The forward pass play of the Packers will be watched closely by the St. Louis footballers.

### **CANTON BULLDOGS JOUST CARDINALS IN CHICAGO GRID**

NOV 2 (Green Bay Press-Gazette) - Injuries were numerous in the Chicago Cardinal-Dayton game and Crangle, Chris O'Brien's husky fullback, was among the players taken to the sidelines. Bob Koehler replaced him and played superbly on the defense...Abbott, former Syracuse quarterback, is acting as field general for the Dayton Triangles. He keeps his team full of pep and displays a lot of football sense in directing the offensive movements...In Guy at center, Cleveland has one of the best snapper backs in pro football. He is a shifty type of lineman and swings with the play. Guy is often down the field under punts as fast as the ends...Jim Thorpe's Indians took another lacing but the Redskins looked better against Cleveland than in any other game this season. Thorpe's club is beginning to play together and, as a result, the backs aren't doing all the work...Doc Young, the Hammond manager, called off the Rochester invasion last Sunday and he hasn't a league game booked for this week but on November 11, Hammond plays in Chicago against the Cards. This is their big game...Rock Island added another notch to its winning streak by taking the Omaha Pros into camp in a non-league game. Captain Sies has built up a wonderful team for the Islanders. The Green and White rank with the best...Two undefeated elevens in the pro league race meet on Sunday in Chicago when the Cardinals and Canton Bulldogs lock horns. The brilliant Paddy Driscoll may give Chamberlain's outfit considerable trouble...For years, the Minneapolis Marines held the Northwest championship but Joe Sternamen and his Duluthians took the honor this year. Twice, the Marines bit the dust before the smooth working Duluth eleven.

### **CAL'S COMMENTS**

NOV 2 (Green Bay Press-Gazette) - Sunday the Chicago Cardinals and the Canton Bulldogs lock horns in the Windy City and it should be a stellar exhibition of pigsaw chasing. The Cards, headed by the mighty Paddy Driscoll, have been going like a house afire all season

and they are liable to make things more than interesting for Chamberlain & Co. Driscoll is a whole team in himself but Canton will probably see to it that Paddy gets his share of hard bumps. Such is the life of an all star footballer.

#### **PLAY-BY-PLAY TO COVER ALL PLAYS OF PACKER GAME**

NOV 2 (Green Bay Press-Gazette) - "Packers kick off to St. Louis." Casey makes a yard; King stopped in his tracks; Simpson gets two; Casey punts 50 yards to Mathys, who comes back 15 before being dumped by Weller. Etc. Etc." That is the way the fans at home, who attend the play-by-play service at Turner hall will "hear" the Packers-St. Louis game on Sunday. "Seeing" the game over the wire is just as thrilling as being in the grandstand or on the sidelines. A direct wire from Sportsman's park, St. Louis, to Turner hall, Green Bay, has been arranged over and the fans at home will get every play in the game at St. Louis a second after it happens. The play-by-play service will start talking about 2 o'clock. Much interest is being shown over the service and it is expected that a capacity crowd will "hear" the game.

#### **PACKERS' GAME IN ST. LOUIS SUNDAY DRAWS ATTENTION**

NOV 3 (St. Louis) - The biggest crowd that ever attended a pro football game in St. Louis is expected to watch Sunday's gridiron encounter between Ollie Kraehe's Browns and the Green Bay Packers, champions of Wisconsin. The visit of the Badger team has kicked up no end of interest around here. The Wisconsin eleven is being billed as "The Pro Team With The College Spirit" and the St. Louis pigskin followers are going to turn out tomorrow to see if this is possible...GREAT FORWARD PASSERS: The Packers are credited with having a superb aerial attack. Captain Lambeau is an expert tosser while Mathys, the former Indiana star, and Wheeler are said to be "bears" when it comes to grabbing the oval. Cub Buck's game has preceded him here and St. Louis is anxious to see the former Wisconsin All American star. Buck tips the beam at 275 pounds and is said to be the biggest pigskin chaser "in captivity". Every man on the Packer squad has had college football training...BROWNS IN GOOD SHAPE: The Browns are in good shape for the game. Casey, the star halfback and kicker, will start the game and all the other regulars have been given the physician's O.K. St. Louis has built up a defense against the forward pass by which they hope to send Green Bay home with a defeat. A month ago the same team played a tie game at Green Bay.

#### **CAL'S COMMENTS**

NOV 3 (Green Bay Press-Gazette) - Professional football is making progress each year. Possible that is what rolls Stagg. Maybe he hates to see any football organization succeeds aside from what he is one of the powers that be. The NFL is not monkeying with players in college. The pro magnates wait until they get out of school before doing any "tinkering". We admit this wasn't always so but progress and it is keeping its "skirts" clean. We don't know if he can say that much about Stagg so far as progress goes.

#### **PLAY-BY-PLAY AT TURNER HALL; BIG CROWD EXPECTED**

NOV 3 (Green Bay Press-Gazette) - A big crowd of football fans will wend their way to Turner hall Sunday afternoon and "hear" the Packer-St. Louis game hot off the wire. The Play by Play service is popular here.

The probable line up is as follows

Green Bay	St. Louis
Murray Wheeler l. e.	l. e. Milton
Buck l. t.	l. t. Weller
Woodin l. g.	l. g. Kraehe, Stuart
Niemann c.	c. Murrell
Lyle, Gardner r. g.	r. g. Andrew
Earps r. t.	r. t. Travis
Hayes, Gray, r. e.	r. e. Meese
Mathys q. b.	q. b. Simpson, Windburn
Mills, Basing l. h. b.	l. h. b. Cardwell
Lambeau r. h. b.	r. h. b. Casey, Moran
Gavin f. b.	f. b. King
Referee, Ward, Oklahoma; Umpire, Coffeen, Beloit; Head linesman, Neiker, Nebraska.	

Two years ago, when it was first attempted, the football fans were a bit skeptical, but they found that it filled the bill nicely and each year the football fans always flock in for the service when they are not following the team. A direct wire, connecting the Sportsman's park, St. Louis, and Turner hall, Green Bay, has been set up. Perfect service is promised as the telephone officials at Green Bay, Milwaukee, Chicago, Peoria and St. Louis are going to have experts watching the wire every minute during the game. Not alone will the wire carry a play by play story of the championship game but all the sidelines and features will be "woven" into the story as it comes over the wire, "hot off the gridiron" from St. Louis. The wire will start chirping about 2 o'clock. Better be there early and get a seat "about the fifty yard line."

#### **ST. LOUIS PROS PLAY GREEN BAY ELEVEN TODAY**

NOV 4 (St. Louis Post-Dispatch) - The Green Bay Packers, professional football champions of Wisconsin for seven years, will oppose Ollie Kraehe's professional team today at 2:30 o'clock at Sportsman's Park in the second NFL game of the local season. In its first local game, Kraehe's team played a scoreless tie with

the Hammond, Ind., eleven on a muddy field. St. Louis has played four league games, tying two and losing two. The last defeat was experienced last Sunday when Jimmy Conzelman scored a touchdown that gave Milwaukee a 6 to 0 victory. This is Green Bay's second meeting with Kraehe's eleven. The first game of the season was played at Green Bay and St. Louis held the opponents of today to a scoreless tie. Since that time Green Bay has defeated Milwaukee the team that stopped St. Louis, 12 to 0. Cub Buck is the outstanding star of the Wisconsin invaders. He weighs 275 pounds and looks like an itinerant skyscraper. He plays left tackle and made his reputation at Wisconsin University.

**Green Bay Stars, Who Will Play Here Sunday**

*Buck Gavin, fullback,  
former Syracuse star*

*Captain Lambeau, halfback,  
who won fame at Notre Dame.*

*Lyle, right guard,  
former Minnesota lineman.*
