GAME RECAP (GREEN BAY PRESS-GAZETTE)

(GREEN BAY) - Displaying a wonderful aerial offensive, the Green Bay Packers, football champions of Wisconsin, defeated the Hibbing Miners here on Sunday in the opening game of the season by the score of 10 to 0. Hibbing presented a stonewall forward line but they proved unable to cope with the Packers' air attack. Time after time, Captain Lambeau hurled the pigskin into the waiting arms of Wheeler, Mathys and Lyle for considerable yardage.

LYLE MAKES TOUCHDOWN

The Packers' first score came in the second quarter. Ursella, standing on his own 20-yard line, attempted to punt. Earps smashed through and blocked the ball. Lyle covered it behind the goal line. Buck added another point. In the third quarter, the Packers marched down the field but a penalty halted the procession. Buck stepped back to the 30-yard mark and kicked the pigskin through the uprights. The Packers threatened several time in the final period but Hibbing held tight in the shadow of its goalposts.

2670 PAID ADMISSION

Exactly 2,760 paid their way into the grounds to see the game. It was a splendid turnout for the opening fray. The reserved seat sections were nearly all filled up. The boxes held a capacity crowd and nearly all of the bleacher space was occupied. Quite a number of the youngsters took advantage of the "Knothole" gang admission price. There was little or no confusion. The gates opened promptly at 1 o'clock and the crowd arrived on the scene early. By the time the Packer squad pranced on the field, at 2:20, the stand were well filled.

LAYOUT MAKES HIT

And on all sides the management was praised for the splendid layout. The spectators expressed amazement at the wonderful way the "scene" had been shifted in a week's time. The box seats gave splendid satisfaction, the reserved proved O.K. and the vast amount of space for the general admission ticket holders made a big hit with the spectators. The gridiron was in much better shape than was expected and it is safe to say that by the time for the Chicago Bear game, the playing field will be "slicked up" nicely.

HUNDREDS OF AUTOS

Hundreds of autos were packed in a close radius of the playing field and thanks to several of the city policemen, two motor bike cops, several of Sheriff Guerts' deputies, and a detail from the Sullivan Post, American Legion, the motorists cleared away in good shape and the jam wasn't half as bad as was looked for. Walter Buland, the Hibbing coach, after the game, has this to say about Green Bay and its Packers: "We bit the dust for the first time in two years and from now on, up our way, we'll be thinking that the Packers are just as good as they are cracked up to be. Your forward pass combination is wonderful. I never saw

anything like it. You have got a splendid field for your games and your organization treated our club like 'kings'. No wonder they call Green Bay the best 'little' football country in the country. I hope we can come back here again next year."

PLAY GOOD FOOTBALL

Considering the fact that the Packers had but a week of preparation, the team played good football. Lyle and Wheeler performed brilliantly at ends; Buck and Jug Earps were there a yard wide at tackles; Gardner, Woodin and Kenyon did everything that was asked of them at guards while Nieman, as usual, starred at center. Mathys shone brilliantly at quarter. Gavin more than lived up to advance notices at fullback, while Mills and Captain Lambeau were here, there and everywhere as halfbacks. Hibbing's line was of the stonewall variety with

Walter Buland, the veteran Rock Island players, and "Ink" Marshall cutting quite a figure. Rube Ursella was about the whole show in the Miners' backfield. Two of the Hibbing players, Zgone and Beasey, suffered fractured collar bones during the encounter.

CAL'S COMMENTS

SEPT 24 (Green Bay Press-Gazette) - Well, the Packers opened the season in a blaze of glory. It was a made to order lifting affair. The game was well played, the crowd was unusually large and the field and stands surprised nearly every spectator that entered the park. Unless we are all wrong, Green Bay is in for the greatest year of professional football that this city has ever experienced. And that is saying a whole lot...the opening game attracted a representative gathering. Staid businessmen rubbed elbows with their employees and every man, woman and child enjoyed the pigskin exhibition immensely. And they all journeyed homeward happy because it was the unanimous opinion, after seeing Captain Lambeau's team in action, that the Packers will be way up there among the topnotchers in the NFL.

MINNEAPOLIS MARINES HERE SUNDAY TO FACE PACKERS

SEPT 25 (Minneapolis) - Represented by the strongest team in their twelve year career on the gridiron, Manager John Dunn of the Minneapolis Marines will take his famous aggregation of footballers to Green Bay, Wis., next Sunday for the opening game of the NFL. This will be the third appearance of the Marines in the Badger state city. In 1921, Dunn's team lost a 7 to 6 game while last season the Marines met a 13 to 6 defeat. Both of the contests were thriller. This year, however, the Marines hope to reverse the verdict and get even for one of the upsets...ALL STAR OUTFIT: This year's Marine team is an all star outfit. They have been practicing for two weeks and have their famous Minnesota shift down to perfection, along with a "bucketful" of trick plays. Paul Flynn, Minnesota; Bully Christianson, Montana, and Harold Hansen, South Dakota, will play the ends. Tierney, Minnesota; Burrill, St. Thomas; Kraemer, Oregon; and Rudy Tersch, North Dakota are the tackles. Gaustad, Wyoming; Fosdick, Buffalo, and Mohs, Hammond, are slated for duty at the guards while Harry Mehre, Notre Dame '21, is the center...CLEVE BACKS AGAIN: Irgens, the Marines' veteran quarterback, will direct the team while Cleve, who scored against the Packers last season, is to hold down one of the halfback berths. Danny Coughlin, Notre Dame, last season with Duluth, is another halfback along with Louie Pahl of California. Art Sampson is the fullback. He has played with the Marines for nine years. Abe Kaplan, varsity quarterback at Hamline U for three seasons, is one of the new additions on the Marine team. He has played several games against Lawrence college.

CAL'S COMMENTS

SEPT 25 (Green Bay Press-Gazette) - The next attraction for the professional football fans in Northeastern Wisconsin is scheduled at Green Bay on Sunday when the Packers will give battle to the Minneapolis Marines. The Minnesota champs have played here twice before and in each encounter they gave Lambeau's aggregation the toughest kind of a battle. This Manager Dunn has another classy team and he predicts an upset for Green Bay.

JAB MURRAY AND WES LEAPER JOIN PACKER SQUAD

SEPT 26 (Green Bay Press-Gazette) - Wes Leaper and Jab Murray have been added to the Packer football squad and word has been received from Eddie Usher that he will be positively here for practice on Thursday morning. With the addition of these players the Bay eleven is pretty well set for the season. Wes Leaper has returned to the gridiron after a two years' absence. He is an old Packer end and should have little trouble in fitting in perfectly with the Bay machine. Leaper starred at West High and also played a year at Wisconsin. Wes is in pretty good shape and a few days of practice will put him in shape for action...RELEASE IS SECURED: After several weeks of negotiations the Packer management succeeded in getting Jab Murray's release from Racine. Jab is pretty well known around these parts. In 1921, he was a star with the Packers. Last season Jab was traded by Green Bay to Racine for Whitey Woodin. While with the Legion club, Murray played a great game. Murray has been aching to come back to the Bay and he can be counted on to play with all his old time brilliance. Eddie Usher will be in the pink of condition when he arrives here. He has been at Ann Arbor for two weeks helping Coach Yost whip his Michigan team into shape. Usher was mingling with the backfield candidates...GAME DRAWS INTEREST: The Packers' clash with the Minneapolis Marines on Sunday is kicking up an end of interest and, if fair weather prevails, there should be a capacity crowd at the game. Reserved seat tickets will be placed on sale Thursday night at the usual places about town. The Marines have played bang up games against the Packers in their two appearances here. In both contests, Captain Lambeau's team has come from behind to win out. The Minnesota champions have a stronger club than usual this fall and they are considered among the contenders for national pro football honors. Sunday's contest starts at 2:30 o'clock. It will be played rain or shine.

CAL'S COMMENTS

SEPT 26 (Green Bay Press-Gazette) - The Green Bay Packers are going to have a battle on their hands Sunday when they face the Minneapolis Marines. The Gopher state champions are coming here with an all-star aggregation of pigskin chasers and they will be primed to the minute to give Captain Lambeau's team the stiffest kind of a fight. The Marines make use of the famous Minnesota shift and this formation is one of the most spectacular in the day of modern football. It takes a mighty good defensive team to check this method of attack but we think the Packers will be able to do it.

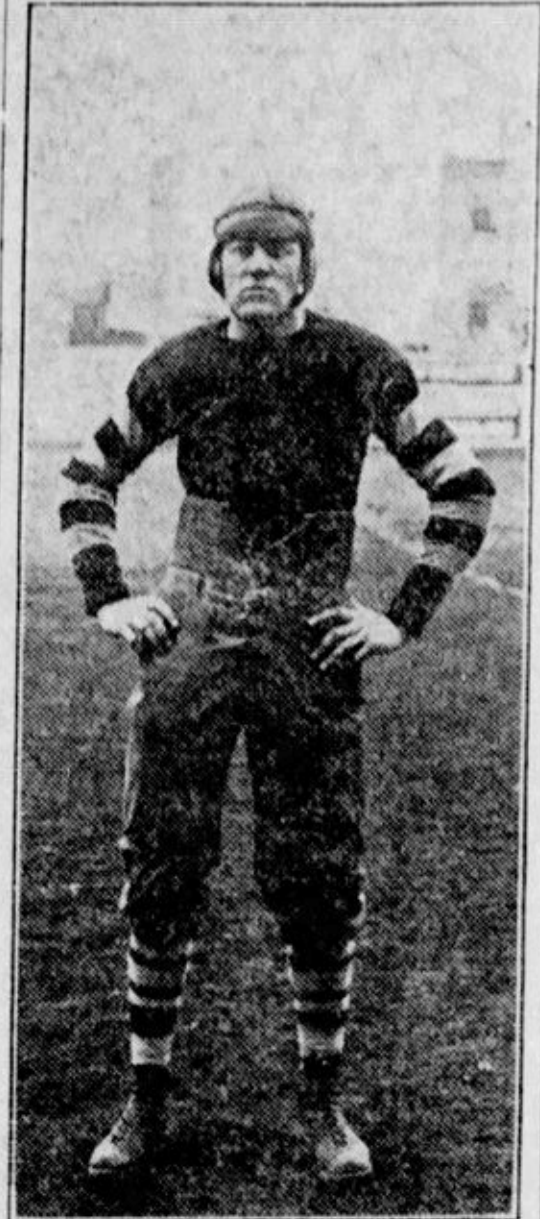

VON TO REFEREE

SEPT 26 (Columbus) - Included in the list of assignments of officials for the opening game of the NFL Sunday announced today by President Joe Carr of the pro circuit is that of Arthur Von, Duluth, Minn., for the Green Bay Packer-Minneapolis Marines contest at Green Bay. Von is an experienced football official and he is rated as one of the best officials in the Northwest section. President Carr considers the Packer-Marine clash one of the most important on the opening card.

MILWAUKEE TEAM BUYS PLAYER OFF CANTON BULLDOGS

SEPT 26 (Milwaukee) - Speedy Race, former halfback for Purdue, who played with the Canton Bulldogs last season, has been signed by the Milwaukee Badgers and worked out with the Conzelman crew at Athletic park Tuesday afternoon. Race is one of the fastest field runners in professional football and his purchase from the Canton club cost the Badger management a neat sum. He weighs 165 pounds and can do the century in 10 flat. The Badgers are working out every afternoon under the direction of Jimmy Conzelman, the former Great Lakes

MARINE STAR

Jack Cleve.

Jack Cleve is again with the Marines and he will play here Sunday with Jack Dunn's famous Minnesota champions against the Packers at Bellevue park.

Green Bay football fans can well remember Cleve. He scored the touchdown last year against the Packers after taking a forward pass from Marty Norton.

star. Conzelman is perfecting a fast open game and he hopes to whip his eleven in shape before Sunday's game with the Oorang Indians.

Jim Thorpe, captain and manager of the Redskins, has one of the strongest teams of Indians ever gathered and if the Badgers can lift their scalps in the season's premiere it will be a big feather in their bonnets.

PACKERS IN SCRIMMAGE WITH LAWRENCE FOOTBALLERS

SEPT 27 (Green Bay Press-Gazette) - The Packer squad scrimmaged against the Lawrence varsity at Appleton this afternoon. The team made the trip to the College City by auto and they rubbed noses with the varsity in a lengthy drill. According to the present plans, the Packers will go to Appleton twice a week during the season for scrimmage workouts. The Bay eleven will be in good shape for the tilt with the Minneapolis Marines in the first game of the pro league season here on Sunday. The Packers have smoothed off a lot of the rough spots, evidenced in the fracas against Hibbing, during this week, and, when the whistle blows Sunday the Big Bay Blues will be in there, like a machine, fighting hard to mark up their second victory of the season. Tickets for Sunday's game will be on sale tonight at the usual places about town. Indications point to a capacity crowd. There is a healthy demand for reservations from the "out-of-townners". It is suggested that those who desire their seats purchase them early.

CAL'S COMMENTS

SEPT 27 (Green Bay Press-Gazette) - Several pro games of considerable importance are booked on Sunday in the opening round of the NFL. The Minneapolis Marines play in Green Bay. Jim Thorpe's Indians will battle in Milwaukee against the Badgers. The Toledo Marines are slated for action in Racine while the Chicago Bears journey to Rock Island for a gridiron tilt with the Independents. This should be a humdinger of a game. We see by the papers that Trafton is back with the Bears again. This should make a hit with Jab Murray...The addition of Wes Leaper and Jab Murray should pretty well round out the Packer football machine. Both of these players are mighty good pigskin chasers and they will be valuable adjuncts to Captain Lambeau's aggregation of footballists. Each of them will be seen in action here Sunday against the Marines.

PACKERS WILL BE ON EDGE FOR SUNDAY'S GAME WITH FAMOUS MINNEAPOLIS TEAM

SEPT 27 (Green Bay Press-Gazette) - When the whistle blows Sunday afternoon at Bellevue park for the opening game of the pro league season, the Green Bay Packers will be ready to make things mighty interesting for the invading Minneapolis Marines. The game will start promptly at 2:30 and the contest will be staged rain or shine...READY FOR ACTION: The workout at Appleton Thursday against Lawrence did the Packers a world of good and the players seemed to enjoy the scrimmage stuff against the collegians. Aside from Buck Gavin, every man on the squad is ready for action. An extra attraction has been lined up for the spectators at Sunday's game. Between halves, George De Lair is going to stage his "Review of 1923" and Green Bay's famous funmaker promises a quarter of an hour of laughs for the crowd. George is keeping his stuff under cover and promises that it will be up to snuff. An air of secrecy holds forth in the De Lair training camp but it is known he will uncork some brand new stuff.

LEAVE ON SATURDAY

SEPT 27 (Minneapolis) - The Minneapolis Marines leave here Saturday afternoon on the first leg of their trip to Green Bay, Wis., where on Sunday they will face the Green Bay Packers, state champions of Wisconsin. The Marines will travel in a special Pullman car. The first lap of the trip is being made over the Soo road. The Marines' car will be sidetracked at Neenah, Wis., so as to allow the players to get a good night's rest. Sunday morning Dunn's squad of footballers will resume their journey to Green Bay via automobile. The Beaumont hotel will be the headquarters of the Marine contingent during their

MARINE END

Paul Flynn.

One of the stars in the Famous Minneapolis Marines football machine is Paul Flynn, who several years ago gained All-Conference recognition while playing a "wing" with Minnesota.

Flynn is a clever receiver of the forward pass and has proven a "bear" on the defense. He is sure to be one of the visiting players who is apt to cause the Packers a lot of trouble in the "Pro" league game which will be staged here Sunday at Bellevue park.

stay in Green Bay. Manager Dunn will take 16 players and Secretary Van Ess to Green Bay.

Famous Minnesota Eleven Faces Green Bay Team In Pro League Football Game

MINNEAPOLIS MARINES BATTLE PACKERS HERE ON SUNDAY

SEPT 29 (Green Bay Press-Gazette) - The Minneapolis Marines, one of the leading professional football teams in the country, will give battle to the Green Bay Packers here Sunday afternoon at Bellevue park in a NFL encounter. The game, which will be played rain or shine, is scheduled to start promptly at 2:30 o'clock. Regulation periods of 15 minutes will be played. Arthur Von of Duluth has been named to referee by President Joe Carr of the pro wheel...HAVE FAMOUS TEAM: The Minneapolis Marines have long been famous on the professional gridiron. Their famous Minnesota shift has carried them to many victories and they are known throughout the pigskin world as "smart" footballers. The Marines are coming here with a veteran lineup, studded with stars. In Flynn, end, and Tierney, tackle, the visitors have a pair of former Minnesota players, who were named on All-Conference selections. Mehre, the team captain, earned his gridiron spurs at Notre Dame, under Coach Rockne...TWO PRETTY GAMES: This is the third appearance of the Marines in Green Bay. The contests of 1921 and '22 were humdingers. In both tilts, the Packers came from behind to snatch a victory off their far-famed opponents. Sampson, who is playing fullback for the Marines tomorrow, made the touchdown in '21 while last year, Cleve made a spectacular dash after gobbling a forward pass. He is again in the Marine battlefront. Aside from Gavin, the Packer fullback, the Green Bay team is right on edge to turn back the visitors. There is a lot of fight in the squad and every man on the Packer teams is determined to take another step towards national pro honors...EXPECT BIG CROWDS: All signs point to a capacity crowd. The advance seat sale has been splendid but the management hopes to take care of all the spectators and live up to their slogan, "A seat for everybody". Hundreds of football fans from Northeastern Wisconsin and Upper Michigan are expected here for Sunday's game. Between halves, George De Lair and his funmakers will put on a skit, "The Review of 1923". This is an added attraction and it will furnish a lot of amusement for the crowd.

FUNMAKERS WILL PERFORM BETWEEN HALVES ON SUNDAY

SEPT 29 (Green Bay Press-Gazette) - The "Review of 1923: will live up to advance notice to George De Lair, who will be master of ceremonies of the fun making skit which will be staged between halves Sunday afternoon at the football game between the Packers and Marines. Mulligan Scroogy, Billy Pratt and a host of other funmakers, assisted by East and West High students, will cut a figure in the "laugh maker". A number of novel stunts will be uncorked and "Matchmaker" De Lair promises a round of pleasure for the spectators.

CAL'S COMMENTS

SEPT 29 (Green Bay Press-Gazette) - Once in awhile it is a pleasure to read what others think about Green Bay. So here goes. The following extracts were included in a sport page story which appeared in the Hibbing Daily News last Monday under the caption "Green Bay Has Fine Sportsmen and a Good Team": "The football fans of Green Bay are worthy of a 'story' all by themselves. The All-Stars were accorded treatment by the fans and the management of the team that is seldom given a visiting team. Arrangements had been made to accommodate the team at Green Bay's leading hotel. Nothing was too good for them before or after the game. When the Hibbing team

Throughout the game Hibbing plays were as well received as those of the Packers. When Zgone and Beasey were taken from the field, injured, the crowd arose and applauded. It was necessary to take the injured Hibbing players the full length of the field before getting them into taxis and the applause did not die down until they were both out of the park. What Wisconsin people think of Hibbing is a fine story. Fans came from hundreds of miles, all of 3,000 of them, to see the game and they have the finest thoughts of the town and the team today."

MINNEAPOLIS MARINES HAVE PAIR OF CLASSY GUARDS

Kraemer

In 'Heavy' Gaustad, Wyoming, and Bill Kraemer, Oregon, the Minneapolis Marines, who play here Sunday at Bellevue park in a 'Pro' league football game against the Green Bay Packers, have two of the best center flankers on professional football.

Gaustad

Kraemer tips the beam at an even 200 while Gaustad weighs about 225 pounds. Gaustad has played with the Marines for a number of years. He has faced the Packers twice. Kraemer joined the Minnesota club and he has built up quite a 'rep' on the chalk marked field.
